

Holy Body

Violated by holiness,

a vigil ignited.

Holy body,

holy sparking,

everything around holy through upbringing.

Holy speeches and signs,

From life, a holy enduring.

All around, a holy imposing.

Holy body and the communion of the holy.

By lack of principles, holiness for secrets hidden,

and from life commemorated for glory,

holy silence.

Then, holy forgetting.

Body of the man of nothingness.

Holy speeches and holy sentencing,

Murders all holy and the communion of the holy.

Fallen nations and holy freedom warring.

All around, a holy imposing.

Holy body and the communion of the holy.

It is an echo.

The body dragged out and murdered.

In holiness violated.

From the holiness of life, to mammon gifted.

With holiness of intent, by the mud of the holy living
paved.

All one, all holy.

All that is living—lost.

Seeming existence and holiness clouded.

Holiness of eyes and ears,

With holy life, the end and the enduring.

Holiness.

Holy body, by the Lord to life bestowed.

Holy decisions of parents, life's conceiving.

Life conceived, holy.

Life, rape, and murdering.

All around, a holy imposing.

Holy body and the communion of the holy.
